17. Margins and Collateral Payment

17.1 During the lifetime of any Financial Instrument, we, in our absolute discretion, reserve the right to review and adjust the percentage of funding required or the rates at which interest is calculated on such Financial Instrument, with or without notice to you, especially in, but not limited to, volatile market conditions. Positions that are open overnight may be adjusted to reflect the cost of carrying the position over. Details of such adjustments are available on our Website.

17.2 Where we effect or arrange a Transaction involving a CFD you should note that, depending upon the nature of the Transaction, you may be liable to make further payments when the Transaction fails to be completed or upon the earlier of the transaction settlement or closing out of your position. You will be required to make further variable payments by way of margin against the purchase price of the Financial Instrument, instead of paying (or receiving) the whole purchase (or sale) price immediately. The movement in the market price of your investment will affect the amount of margin payment you will be required to make. We will monitor your margin requirements on a daily basis and we will inform you as soon as it is reasonably practicable of the amount of any margin payment required under this clause.

17.3 You agree to pay us on demand such sums by way of margin as are required from time to time or as we may in our discretion reasonably require for the purpose of protecting ourselves against loss or risk of loss on present, future or contemplated transactions under this Customer Agreement.

17.4 Unless otherwise agreed, margin must be paid in cash. Cash margin is paid to us as an outright transfer of funds and you will not retain any interest in it. Cash margin received by us will be recorded by us as a cash repayment obligation owed by us to you.

17.5 In addition and without prejudice to any rights to which we may be entitled under this Customer Agreement, we shall have a general lien on all funds held by us or our Nominees on your behalf until the satisfaction of your obligations.

17.6 We shall have the right, in addition to any other rights we may have under this Agreement, or under the law in general, to close, cancel and or limit the size of your open positions (new or gross) and to refuse to establish new positions. Situations where we may exercise such right include, but are not limited to, where:

- a) We consider that there are abnormal trading conditions,
- b) We consider there to have been abusive trading strategies transmitted to us, or
- c) Your account has reached Stop Out level.
